

Hello everyone!!

With great joy, we would like to share that we have already started classes, and the children have returned very happy, motivated, and eager to learn. Seeing their smiles and enthusiasm each day is a great blessing and a reminder of the positive impact your support has on their lives.

In this 2026 school year, we have 170 students in our primary program and accelerated primary program. Some of our children have certain learning difficulties, which represents a challenge for us as an institution; however, we are working with love, patience, and dedication to ensure that everyone can integrate in the best possible way, progress at their own pace, and feel supported and valued in the classroom.

Thanks to your generosity and commitment, we continue to provide children with a safe space filled with hope and opportunities. From the bottom of our hearts, we thank you for being part of this project and for helping us continue transforming lives through education.

Galatians 6:9

"And let us not be weary in well doing: for in due season we shall reap, if we faint not."
