

Hello everyone!!!

We hope you are all well. We are pleased to share that we have finished our first unit of the school year. The students have given their best during these term of study; however, we have had difficulties with some of our students because the lack of support and attention from their parents. Some parents do not value education and prefer that their children work in the fields to help support their families economically. Thank you for your prayers for these children.

We held a sports activity for them: a soccer tournament, which the students thoroughly enjoyed. We have also started workshops in cooking, crafts, English, and swimming for fifth and sixth grade students, as well as those in the accelerated primary program. It is wonderful to see how the students are developing new skills in the workshops.

Thank you for your unconditionally support. We wish you a happy and blessed Easter.

Jesus said to her, "I am the resurrection and the life. The one who believes in me will live, even though they die."

John 11:25
